

RMEA-SCE JOINT RATE COMPARISON

As part of our mutual commitment to better serve customers, Rancho Mirage Energy Authority (RMEA) and Southern California Edison (SCE) have come together to provide a comparison of common rates and average monthly charges. Below you will find a representative comparison of our rates, and average monthly bills based on customer class. To find your specific rate, please scroll down to your rate plan to view the rate and bill comparison. If you are not sure about your electric rate, this information can be found on the detailed page of your bill directly beneath the heading that reads “Details of you new charges.” If you have further questions, please contact Rancho Mirage Energy Authority at RanchoMirageEnergy.org or (760) 578-6092 and SCE at sce.com/cca or (800) 974-2356.

Definitions:

Generation Rate reflects the cost of producing or purchasing electricity to power your home. This rate depends on usage and will vary depending on your service provider and rate plan.

SCE Delivery Rate is a charge assessed by SCE to deliver electricity to your home. This rate depends on usage.

Surcharges represents the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers and SCE customers that elect a Green Rate. The CRS is a surcharge to recover costs associated with power purchases made on behalf of customers prior to a customer’s switch to a CCA or SCE Green Rate. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.
